## Product Description

---

This book contains detailed description of sources, effects and control of soil pollution spanning over five chapters. Besides, it also contains two chapters devoted to short questions & answers and multiple choice questions & answers drawn from the examination papers of various engineering colleges for the benefits of the students. Last chapter contains glossary of terms related to soil pollution. The book will be useful for degree & diploma curriculum of various branches of engineering and for various associate membership examinations conducted by professional bodies like Institution of Engineers (AMIE), Indian Institute of metals (AMIIM), Indian Institute of Chemical Engineers (AMIIChE), etc.

### **SALIENT FEATURES OF THE BOOK:**

Subject matter has been presented in simple, lucid & understand language. Cover all the topics included in the syllabus of various engineering colleges/Technical Institutes & professional bodies examination papers. Short questions & answers and multiple choice questions & answers drawn from the examinations given at the end of the book enhances its utility for the students. Up to date statistics and glossary of terms related to the subject have been included.

---

## Table of Contents

---

**Chapter 1:** All about Soil—Its Formation, Types, Components & Properties.

**Chapter 2:** Introduction to Soil Pollution.

**Chapter 3:** Causes, Types, & Sources of Soil Pollution.

**Chapter 4:** Effects of Land/Soil Pollution.

**Chapter 5:** Prevention & Control of Land/Soil Pollution.

**Chapter 6:** Short Questions & Answers on Soil Pollution.

**Chapter 7:** Multiple Choice Questions & Answers.

**Chapter 8:** Glossary of Terms Related to Soil Pollution.

---

## Author

---

**Om Prakash Gupta** is basically being a chemical engineer, he has a practicing experience of efficient Energy management and HR functions in steel Industry for more than three decades. privileged to be the youngest writer of technical books in the country (for he had written his first book at the age of 24 years while doing M. Tech. at I.I.T Kanpur in 1979), he has authored many frontline books for engineering students. besides, being the regular faculty member in technical courses for Management Trainees (Technical), he has also visited England and France on a study tour sponsored by United Nations Development Program (UNDP) to study the scope of energy conservation in steel plants in 1987.
