# **Distributed Database Systems**

Author :	Ikvinderpal Singh	
ISBN 13 :	978-93-81068-16-8	
ISBN 10 :	93-81068-16-X	
E-ISBN 13 :	978-93-81068-16-8	
Edition :	1	
Pages :	500	
Type of book :	Paperback	
Weight (g) :	670.00	
Year :	2015	
Language :	English	
Publisher :	Khanna Publishing House	
M.R.P:	Rs 395.00	
Categories :	Computer Science Engineering	
Condition Type :	New	
Country Origin :	India	

# **Product Description**

This book is meant for a wide range of readers, especially college and university students wishing to learn basic as well as advanced processes and techniques of distributed database system. It is intended for those who are professionally interested in having an up-to date view of distributed data processing, including, for example, students and teachers of course in computer science, researchers, system managers, application designers, analysts and programmers. A distributed database system is , in brief an integrated database which is built on top of a computer network rather than on a single computer. The data which constitute the database are stored at the different sites of the computer network. And the application programs which are run by the computers access data at different sites. Modern aspects of distributed database systems have been introduced from the first principles and discussed in an easy manner, so that a beginner can grasp the concepts of distributed database, its design and architecture level, distributed query processing and optimization, distributed recovery and security management, etc. Each chapter contains solved example problems and exercise problems.

## **Table of Contents**

Chapter 1: Distributed Database Concepts. Chapter 2: Distributed Database Design. Chapter 3: Distributed Database System Architecture. Chapter 4: Distributed Query Processing. Chapter 5: Distributed Query
Optimization. Chapter 6: Distributed Transaction Management. Chapter 7: Distributed Concurrency Control.
Chapter 8: Distributed Deadlock Management. Chapter 9: Distributed Recovery Management. Chapter 10: Distributed Database Administration.

## Author

**Ikvinderpal Singh**, is Lecturer of P.G. Deptt. Of Computer Science & Applications, Khalsa College, Amritsar which is a premier institute in North India. He obtained his MCA with distinction from Guru Nanak Dev University, Amritsar. He has always been excellence right from his student career. He has written five books. He brought name for himself when he topped the college in B.Sc. His other areas of interest include Fuzzy systems, digital electronics and java programming.
