Product Description

This book is specially designed to serve as a textbook for undergraduate students of engineering at Uttar Pradesh Technical University. We have tried our best to cover the whole syllabus. Throughout the text, it has been our aim to make it as simple as possible. This book is written exclusively with students in mind. The language is user-friendly and conducive to learning. We will be grateful to readers if they can point out any that may have crept in inadvertently.

Table of Contents

Chapter 1: Introduction to IT Infrastructure
Chapter 2: Service Delivery Process
Chapter 3: Service Support and Storage Management
Chapter 4: Security Management
Chapter 5: IT Ethics and Emerging Trends
Question Bank

Author

Shakuntala Choudhary
