

Computer Organization and Architecture

Author : Ikvinderpal Singh

ISBN 13 : 978-93-81068-31-1

ISBN 10 : 93-81068-31-3

E-ISBN 13 : 978-93-81068-31-1

Edition : 1

Pages : 776

Type of book : Paperback

Weight (g) : 1023.00

Year : 2023

Language : English

Publisher : Khanna Publishing House

Price : Rs 488.00

Categories : [All book](#), [Computer Science Engineering](#)

Condition Type : New

Country Origin : India

Product Description

The title of our book, computer organization and architecture, is intended to convey that the topics presented in the text are those for which every Computer science major should have exposure, familiarity, or mastery. We do not expect students using our textbook to have complete mastery of all topics presented. It is our firm belief, however, that there are certain topics that must be mastered; there are those topics for which students must have a definite familiarity; and there are certain topics for which a brief introduction and exposure are adequate. We feel our explanations, examples and exercises all combine to provide the student with a total learning experience that exposes the inner workings of a modern digital computer at the appropriate level. Like most books, we have chosen an architectural model, but it is one that we have designed with simplicity in mind.
