## Product Description

---

This book provides a comprehensive, thorough and up to date treatment of mathematics in engineering and sciences. This is intended to introduce students of engineering, physics, mathematics, computer sciences and other related fields to those areas of applied mathematics that are most relevant for solving practical problems. Practice is the key word in the learning process of mathematics . The aim of this book is to provide a vast knowledge of mathematics and its diverse practical use in daily lives. The course contents in this book are the sole pre-requisites. The experience of the author of more than a decade in teaching at under graduate, post graduate level and in the research areas of mathematics in University makes this book useful. In this book all the topics and related concepts have been given in a lucid and simple way filling every gap between students and mathematics. A lot of worked examples are given so as to help the readers understand better.

---

## Table of Contents

---

**Chapter 1:** Matrices and ITS Applications. **Chapter 2:** Application to Geometry. **Chapter 3:** Coordinate Geometry of Three Dimensions. **Chapter 4:** Expansion of Functions (Taylor's and Maclaurin's Series). **Chapter 5:** Partial Differentiation. **Chapter 6:** Reduction Formula: Definite Integrals. **Chapter 7:** Vector Calculus. **Chapter 8:** Infinite Series. **Chapter 9:** Fourier Series. **Chapter 10:** Differentiation. **Chapter 11:** Partial Differential Equations. **Chapter 12:** Function of a Complex Variable. **Chapter 13:** Laplace Transforms and ITS Application. **Chapter 14:** Fourier Transform and ITS Application. **Chapter 15:** Empirical Laws and Curve Fitting. **Chapter 16:** Solution to Numerical, Algebraic and Transcendental Equation. **Chapter 17:** Numerical Differentiation and Integration. **Chapter 18:** Numerical Solution of Ordinary Differential Equations. **Chapter 19:** Numerical Solution of Partial Differential Equations.

---

## Authors

---

**Dr. Reena Garg**, M.Sc. Mathematics (Gold Medalist), M. Phil, Ph. D is Assistant Professor (Mathematics) in YMCA University of Science & Technology, Faridabad (Haryana). She also taught in C.I.T.M. Faridabad (presently known as Manav Rachna International University, Faridabad). Her teaching experience of more than a decade has made this book more valuable for the knowledge seekers. She has published more than 10 research papers in various International Journals. She is a life-time member of Forum of Inter-disciplinary mathematics in India. She is a member of reviewer Board in IJRET, Bangalore. **Chandrika Prasad**

**Khanna Publishing House**
