

Data Structures - An Algorithmic Approach with C

Author : R. Singh

ISBN 13 : 978-93-80016-69-6

ISBN 10 : 93-80016-69-7

E-ISBN 13 : 978-93-80016-69-6

Edition : 1

Pages : 960

Type of book : Paperback

Weight (g) : 1279.00

Year : 2010

Language : English

Publisher : Khanna Publishing House

Regular Price : Rs 395.00

Sale Price : Rs 316.00

Categories : [All books](#), [Computer Science Engineering](#)

Condition Type : New

Country Origin : India

Product Description

Each chapter begins with an outline an overview, and a list of learning objective. Extensive coverage of data Structure basics, pictorial representation of each and every Data Structures in given in detail. Brief introduction to C language, various types of data structures and analysi of algorithms complexity is covered. Demonstration the development of algorithms is a lucid manner. Includes numbers illustrative examples to understand the topic easily. Demonstrates the implementation of algorithms in a good programming style. Objective-type questions have been provided. Around 200 solved C programs and algorithms are included. Diagrams are used extensively throughout the text. Contains numerous theory questions at the last of each chapter. Gives detailed description of arrays, stack and queues in lucid manner. Covers all tree structures like binary tree, binary search trees, AVL, B+tree and red black trees in detail. Detailed analysis of each and every sorting and searching technique is covered with the help of Programming examples. Presents various hashing techniques like hash functions, linear probing, quadratic probing, double hashing and rehashing. Brief introduction to the concept of file and storage management. This book will be useful for student of BE (Computer/Electronics), B. Tech, ME(Computer/Electronics), M.Tech, MCA BCA, M.Sc., B.Sc. and also to students pursuing A/B/C-level course of DOEACC.

Table of Contents

Chapter 1: Introduction to C Language Chapter 2: Introduction to Data Structures and String Processing Chapter 3: Algorithm Design and Complexity Chapter 4: Arrays, Pointers and Records Chapter 5: Linked Lists Chapter 6: Stacks Chapter 7: Queues Chapter 8:Trees Chapter 9: Search Trees Chapter 10: Heaps Chapter 11: Graphs Chapter 12: Sorting and Searching Techniques Chapter 13: Hashing Chapter 14: File and Storage Management

Author

R. Singh "R Singh, MCA is equipped with an extraordinary calibre and appreciable academic potency. He has teaching experience of nearly twenty years. He has authored ten books on various complex topics of computer science. He has already submitted his Ph.D. thesis in the field of system simulation. His other areas of interest include Software Engineering, Data Structures and Information Systems. "
